

## Household Vinegar 14%

### 1. Product description

Concentrated Household Vinegar 14 % is a universal and natural cleaning product which no home should be without. And thanks to its highly concentrated form, even when cleaning daily a single package will last a long time.

### 2. Intended use

It can be used to remove limescale from a variety of surfaces and appliances. It quickly and effectively removes stubborn deposits remaining from soap, limescale, or leaks. It may also be used to create natural cleaning mixtures using the recipes included in the packaging of NEFY NATURAL products and on the website [www.nefy.com.pl](http://www.nefy.com.pl). Adds shine, easy to rinse, leaving surfaces glossy and free of smudges.

### 3. Directions for use

- 3.1. Turn the spray nozzle properly.
- 3.2. Spray a small amount of the preparation onto the cleaned surface.
- 3.3. After a few minutes, wipe with a damp microfibre cloth without cleaning agent.
- 3.4. For better results, wipe cleaned surface with a dry cloth.

See our sample recipes:

#### Limescale remover for faucets:

50 ml of Household Vinegar 14%  
20 ml of water  
Gauze

Directions for use:

Add the vinegar and water to a bowl. Soak the gauze in the mixture and wrap it around the places affected by limescale. Leave for 15 minutes, then rinse with warm water. If the deposit is thick, repeat the operation. To add shine to faucets, wipe down with a drop of olive oil.

#### Dishwasher cleaner:

½ of a sachet of Household Sodium Bicarbonate  
250 ml of Household Vinegar 14%

Directions for use:

Pour sodium bicarbonate into the tablet container, and pour vinegar onto the bottom surface of the dishwasher. Set the wash cycle to the highest available temperature. It is recommended to clean the filter by hand before starting the wash cycle.

#### Natural window and glass cleaner:

150 ml of Household Vinegar 14%  
250 ml of water  
5 drops of Essential Lemon Oil

Directions for use:

Mix the components and pour into a spray bottle. Spray the cleaned surfaces, and next wipe down with a cloth until a clean surface is achieved. The preparation can be stored for several weeks.

### Natural dust remover for refreshing furniture:

30 ml of Household Vinegar 14%  
300 ml of water  
5 drops of Essential Lemon Oil  
20 ml of olive oil (2 spoonfuls)

### Directions for use:

Mix the components in a bottle with a fine misting head and mix thoroughly. Spray the furniture and wipe down with a clean cloth.

## 4. Other informations

Shelf time: 3 years  
Product code: NNOCG500  
Capacity: 500ml  
Packing type: HDPE bottle

## 5. Notes

Transport and store in tightly closed original packaging at temperatures between +5°C and +35°C. Protect from direct sunlight. Do not mix with other chemical agents. Take special care when cleaning plastic surfaces (may cause matting). Do not use it on acid-sensitive (porous or calcareous, e.g. marble) or polished surfaces. Carry out a test in an inconspicuous spot to check its effect on a specific surface type.

This mixture meets the criteria for classification as hazardous according to Regulation (EC) No 1272/2008 of the European Parliament and of the Council of 16 December 2008 on classification, labelling and packaging of substances and mixtures, amending and repealing Directives 67/548/EEC and 1999/45/EC and amending Regulation (EC) No 1907/2006, therefore Safety Data Sheet has been prepared for this mixture in accordance with Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing a European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No 793/93 and Commission Regulation (EC) No 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC, as amended.
