Natural cleaning products for your home

Start your adventure
with natural cleansers
Nefy Natural

Natural cleaning products can be prepared by mixing **6 natural ingredients** in various proportions and combinations:

Grey Soap Household

Citric Acid Household

Sodium Bicarbonate Household

Sodium Carbonate Household

Vinegar 14% Household concentrated

Essential Oils 100% natural

These seemingly basic ingredients, after mixing in proper combinations, can be applied as necessary in everyday housework.

What are the benefits of making natural cleaning products at home?

Protecting our health

making household product on our own is beneficial for our health

Controlling the ingredients

protecting us and our children against allergies, intentional rejecting using chemicals, which are often pathogenic

Learning and playing

preparing cleaning products on our own triggers a willingness to experiment and discover new uses

Protecting the environment

natural products do not make a negative impact on the environment, many ingredients are biodegradable, do not harm the environment

What are the benefits of making natural cleaning products at home?

Better efficiency = reducing costs

Making our own cleaning products is more efficient therefore cheaper than buying branded products

Example 1: comparison of eco washing powder with commercial powder

Eco powder

0,41 kg = 80 washes

Price: 4,45 €

Commercial powder

2,6 kg = 40 washes

Price: aprox. 6,70 €

Natural, gentle washing powder Nefy Natural

2 sachetes x 100 g Sodium Bicarbonate Household

2 sachetes x 70 g Grey Soap Household

1 sachete x 70 g Sodium Carbonate Household

½ sachete x 70 g Citric Acid Household

15 drops of Lavender Essential Oil

What are the benefits of making natural cleaning products at home?

Better efficiency :

Example 2: comparison of eco dishwasher tablets with commercial tablets

Eco dishwasher tablets

0,550 kg = 36 tablets

Total price: 5,80 €

Price per 1 tablet: 0,16 €

Eco dishwasher tablets Pomoc Domowa Natural

4 sachets x 70 g Sodium Bicarbonate Household

2 sachets x 70 g Citric acid Household

1 glass of non-iodized table salt

1 glass of water

Commercial tablets

Total price: 11,15 € - 37 tablets

Price per 1 tablet: 0,30 €

Why choose Nefy Natural?

Convenient package

SACHET

Each ingredient is packed in a convenient **sachet**, which ensures the following benefits:

- handy storage
- prevents lumps
- size of the sachet is customized according to demands of preparing a given natural cleaning product
- precise description – each sachet is marked with its name and use which prevents the risk of mistaking the ingredients.

CARDBOX

- cardbox is given a marketing setting.
- examples of recepies related to each ingredient and other ingredients from the offer are marked on the cardbox, allowing better cross sales
- provides possibility to insert a leaflet with recepies in each box

Bottle 10 ml

Try natural recipies

Natural, delicate washing powder

2 sachets of Grey Soap

Nefy Natural

2 sachets of Sodium Bicarbonate

Nefy Natural

1 sachet of Sodium Carbonate

Nefy Natural

1/2 sachets of Citric Acid

Nefy Natural

15 drops Lavender Essential Oil

Nefy Natural

Directions for use: Sift the contents of the sachet into a container and mix thoroughly. Use 1 tablespoon of the mixture for each load of washing. After using, carefully seal the container.

Natural dishwasher tablets

3 sachets of Household Sodium Carbonate Nefy Natural

125 ml of salt

1 of a sachet of Household Citric Acid Nefy Natural

125 ml of water

Directions for use: Mix the components in a bowl. Transfer the foaming mixture to an ice mould and press down thoroughly. Allow to dry overnight and transfer to a jar. Use 1 tablet per washing cycle. The tablets do not contain a shine-enhancing agent, so it's a good idea to use vinegar along with the tablet. Store in a carefully sealed jar and use the tablets within approximately 2 months

Natural refrigerator cleaner

¼ of a sachet of Household Sodium Bicarbonate

Nefy Natural

¼ of a sachet of Household Grey Soap

Nefy Natural

500 ml of water

Directions for use: Pour water into a bottle, and next add the dry components, mixing until dissolved. Using a clean cloth, wipe down the entire refrigerator with the preparation.

Stubborn stains can be removed with by applying additional sodium bicarbonate, waiting a few minutes, and wiping down the surface again with a clean cloth.

Natural window and glass cleaner

150 ml of Household Vinegar 14%

Nefy Natural

5 drops of Essential Lemon Oil

Nefy Natural

250 ml of water

Directions for use: Mix the components and pour into a spray bottle. Spray the cleaned surfaces, and next wipe down with a cloth until a clean surface is achieved. The preparation can be stored for several weeks.
